Is your inner 7-year-old affecting the way you see money?

Money Back Story

Everyone of us has a backstory. Be it about money, fear or other limiting beliefs, this story is preventing you from building a business that serves you. As a child, in our first 7 years of living we likely saw and heard some things that have shaped our relationship with money. In the far left column, write down what you can remember witnessing as a child about money. In the subsequent columns list out how you saw the influences from years 1-7 consistently show up in your life as a teen, young adult and adult.

Ages 1 through 7	Ages 8 through 14	Ages 15 through 21	Ages 22 through 28	Ages 29 through 35	Ages 36 to 42

Shift Your Money Beliefs

“If you hold the belief that you must work hard to make money, then you cannot make money unless you are doing hard work. Your actions will always follow your beliefs. No success hinges on hard work. All success, including success financially, is realized through alignment.”
